

Sandeepa Dilshan

UI/UX Designer | Multimedia Technology Undergraduate
+94 70 113 3231 | kvsandeepa123@gmail.com | Kaluthara, Sri Lanka

PROFESSIONAL SUMMARY

A passionate UI/UX Designer with a strong eye for visual detail and a deep commitment to creating user-centered digital experiences. Specialized in Multimedia Technology, I enjoy understanding how people interact with interfaces and turning that understanding into designs that feel intuitive and visually engaging. Whether it is a mobile app, a management system, or a brand identity, I approach every project with curiosity and care for the end user.

SKILLS

Design Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, Adobe After Effects

Design Focus: UI/UX Design, Prototyping, Wireframing, Visual Design, User-Centered Design, Mobile App UI, Web UI

Soft Skills: Creativity, Critical Thinking, Leadership, Problem-Solving

Languages: Sinhala (Native), English (Basic Proficiency)

WORK EXPERIENCE

Graphic Designer

2024 – 2025 (6 Months)

Majestic Pride Casino, Sri Lanka

- Worked closely with the marketing team to understand campaign goals and translated those needs into clear, visually compelling design outputs.
- Designed promotional materials including event banners, digital creatives, and print collateral that aligned with the brand's visual identity.
- Paid close attention to layout, typography, and color consistency to ensure every design felt polished and on-brand.
- Managed multiple design requests simultaneously, delivering finished work within deadlines without compromising quality.
- Took feedback from stakeholders and iterated on designs until the final output met both functional and aesthetic expectations.

Freelance Graphic Designer

2022 – Present

Self-Employed

- Collaborated directly with clients to understand their vision and deliver design solutions that matched their brand and goals.
- Designed logos, flyers, business cards, and apparel graphics for a range of small businesses and personal projects.
- Managed the full design process independently, from initial concept and client feedback through to final delivery.
- Built strong client relationships through clear communication and a consistent focus on delivering work that exceeded expectations.

PROJECTS

Unicore University Management System UI

2024

Designed the full UI for a university management system in Figma, with a focus on making the experience simple and accessible for both students and administrative staff. Prioritized clear navigation and a clean visual hierarchy throughout.

Pinocuro Mobile App UI

2025

Designed the end-to-end UI for a mobile application, focusing on intuitive user flows, modern aesthetics, and accessibility. Aimed to make the app feel natural to use from the very first interaction.

Event Management System Admin UI

2025

Designed the admin interface for a musical event management platform. The goal was to make complex scheduling and booking tasks feel straightforward, with a layout that reduced cognitive load for the user.

EDUCATION

Bachelor of Information and Communication Technology (Hons)

2022 – Present

University of Sri Jayewardenepura, Faculty of Technology

- Specialized in Multimedia Technology

G.C.E. Advanced Level – Engineering Technology

2018 – 2020

Taxila Central College, Horana

- 3Bs including ICT
